Programme Outline

Knovel - Engineering Data and Technical References

Introduction

What is Knovel?

How can it help you in learning, teaching and research?

Live Demo

How to use Knovel

Discover unique solutions for engineering & applied sciences – e.g. Find material and property data from interactive graphs and tables, equations, steam calculators, reference books

Integration into your workflow with specialist tools

Questions & Answers

An opportunity to ask questions based on what you have learned.

Recording

The session will also be recorded.

Trainer

Susan Watson

Customer Consultant -Engineering & Geosciences, Elsevier
