

## Summer School in 1997 in Tartu, Estonia

The first Summer School in the framework of the Baltic-Nordic cooperation on Survey Statistics was organized on 26 June – 2 July 1997 in Tartu, Estonia. Participants and organizers are collected in the group photo together with Prof. Gunnar Kulldorff, the founder of the network (person on the right) and one of the main speakers Prof Carl-Erik Särndal (in the middle of the first standing row).
